LIGHT VOTE IS CAST IN SATURDAY PRIMARY

(From Monday's Daily)

Less than 5000 votes were cast in the Primary election Saturday, it was disclosed in official tabulation work which was under way Monday in the office of the Chairman.

Known results of the electian are that Judge John Waston received the nomination for District Judge over Roy Baskin by a majority which final official tabulations may prove to oe 21 votes. Unofficial figures had shown that majority.

Tabulations are under way. Late returns always delay complete and accurate totals.

The Daily Herald, always the first publication in the county to publish tables showing the vote by boxes, was unable Monday to print detailed results on any of the contested races because up to Monday morning only 27 boxes were available for correct tabulations.

By Tuesday it will be possible to print tables.

Carl C. Black was nominated for Sheriff over Clarence McCall by one of the most impressive majorities ever given a candidate.

Grady Allen was nominated for District Clerk over the incumbent, Mrs. Isabelle Moody and W. B. Skelton, receiving a substantial majority.

R. A. Devers was nominated for County Treasurer by a majority which may reach several hundred, although no official tabulation had been made.

Congressman Bob Poage of Waso received a landslide vote in the county and over the district.

Senator Kyle Vick of Waco was renominated for the Senate. His majority over Gordon Davis in this county may reach 1200 votes or more.

Henry G. Lehman for Flotorial Representative, has been re-nominated. He obtained a majority of some 1300 votes in Milam. No figures were available on the vote in Burleson county.

In the Commissioners' race in Precinct 2, Grady Stidham, incumbent, had led the ticket with W. W. Markham second and Louis Raska in third place. The vote between Stidham and Markham was a little over 100 while the margin between Markham and Raska was also close. All candidates polled strong votes. Up to midnight Raska was leading. The Cameron boxes kept him out of the run off.

In Precinct 3 Commissioner E. L. McGuyer was re-nominated over Raymond Dees in a close race which was decided by the vote in Rockdale.

No tabulations were possible in time for publication Monday of results in the Constable's race at Rockdale nor for Justice of Peace in Precinct 4.

Based on returns from all Precincts in Justice Precinct 2, it appeared that E. L. Massengale had defeated the veteran Constable Hickman. The vote from the Jones Prairie box will not change the results as Massengale had a lead of some 58 votes.

Men on Fighting Fronts Send Money Home For Bonds and Help Milam County Reach Quota; New Low in War Spirit is Seen Here

Money spent by men on the fighting fronts for War Bonds in the 5th Loan and allocated to the several states helped counties like Milam teach their quotas in E Bonds.

Chas. M. Hicks, War Finance Chairman, has just received a telegram from Nathan Adams, state chairman, stating that the allocation quota for Milam county has enabled the county to reach its quota.

A new low in war spirit is thus brought to light. The people of Milam county have failed on the home front. The shame of it cannot be overestimated.

The E Bond figure in the county is now $282,300 and $2,554,779 in negotiable bonds.

All bonds purchased through July 31st can be credited. Milam county can still redeem its pledge to the men who are giving their lives on the global fronts.

FRANCE WILL SOON BE FREE SAYS MONTGOMERY

The Allies will have little trouble taking France from Germany, said General Montgomery, famous commander of the British 8th and who has never lost a battle to the Nazi.

The statement of Montgomery came following a successful conclusion of the battle at Caen and mounting successes by all Allied arms in France. It was said at noon Wednesday that 156,000 Germans nave been disposed of since Invasion Day, June 6.

The Allies have broken through German lines and are now in the open tank country.

The 90th Division of Americans has arrived in France.

Leghorn has been captured by the Allies in Italy. The British 8th Army has captured Ancona.

Some 2000 Allied bombers were over Germany Wednesday with full fighter escort.

The Red army was advancing rapidly on the east but there was no indication it had crossed the Prussian border.

In the Pacific 90 American planes have bombed Guam and naval ships are blasting the island. Domi news agency from Tokyo said Wednesday that important news will be broadcast Thursday.

Dramatic Film Arriving in "The Hour Before the Dawn"

A dramatic story destined to keep audiences on the edge of their seats is due Thursday at the Cameron Theatre in Paramount's "The Hour Before the Dawn," adapted from the gripping novel of Somerset Maugham. Franchot Tone and Veronica Lake are starred with an admirable cast which includes Binnie Barnes, John Sutton, Henry Stephenson and Philip Merivale.

According to advance reports, the moral contained in this film is one which can well be taken up seriously by all enemies of oppression. It tells of a young Englishman, played by Franchot Tone, who refuses to bear arms or enlist his services in any way against the Nazi hordes. In so doing, he believes mankind will be served better.

Opposed to his principles are his brother, John Sutton, a Royal Air Force officer; his father, Henry Stephenson and other members and close friends of the family. Secretly favoring his decision, however, is Veronica Lake. There are motives for her desire in keeping Franchot cemented to this line of reasoning. These motives, later revealed, are fanatical and to carry them out, she ends up marrying Tone even while despising him.

Eventually, Tone discovers that even a violent dislike of bloodshed and the brutalities of war cannot overshadow the cruelty and oppression which the Nais would impose. And so, from a young man whose ideals prevented him from entering the struggle, he is transformed overnight to another champion of freedom's cause.

It is in the telling of this story, critics say, that another revelation comes to the American movie-going public. It proves again that only hard work and devotion to the principles of equality and freedom can unfetter those countries now under German domination and maintain justice in lands fortunate enough to have escaped the Naiz yoke.

"Good Soldier"

The proudest title in the Army

IT CONSISTS of two simple words.

Yet every soldier who's worth his salt covets it.

This title is simply:

"Good Soldier."

It isn't just happenstance that so many women in the WAC have earned this title—the proudest in the Army.

For wherever Wacs are working, both here and overseas, there you find a job well done. And done with a spirit so gallant and fine that high Army officers everywhere say of the WAC...

"They're soldiers. *Good soldiers!*"

SAYS NATION'S CRISIS WITHOUT PRECEDENT

Declaring that he could no longer reassure the Japanese people and that the nation is facing a crisis without precendent, General Tojo made a statement to the empire shortly after he had been removed from supreme command of the Jap war effort.

Announcement that Tojo had been relieved of his General Staff position as Chief, was made by the general himself, along with another spokesman of the government.

Tojo asked the people to relieve the Emperor's mind by working together and doing their full share. Hirohito, the Emperor, often is relieved of worry by mass suicides of his puppets.

General Tojo has been replaced by a ranking general now serving the army in Manchuko.

The Japanese empire has been dealt heavy and crippling blows since Pearl Harbor, said the Tokyo radio. The loss of Saipan was said to have been the most terrifiying victory achieved by Americans.

On the face of the news there is every indication the Allied world should be gratified. Actually and truthfully Japan may be making great strides toward victory, for only in an armistice or negotiated surrender can the Japs win as did Germany in 1918.

The American people should not be fooled by these developments. Even though Hirohito should disembowel himself before General MacArthur, there still would be no reason to let up killing Japs. The Axis world is playing us for stupidity. You have but to mention peace to a Diplomat or a so called Statesman and they will surrender to the enemy everything for which the people have sacrificed.

Based upon 25 years of close study of the world and the peoples, The Herald feels it must strongly advise against any acceptance of the abdication of Tojo as a basis on which the Emperor could ask for peace.

Some time ago Hirohito was publicised in America as the one man in Japan to which the world could look for hope of settlement; that he was in effect not in harmony with the war fanatics such as Tojo and all the others who have gone to heaven with a Marine bullet in their brain.

Wake up America! We are facing a dangerous period in this war. When Germany asks for peace it is time to keep killing. When Japan asks for peace it is the time to redouble the blows in the Pacific that will eventually leave nothing of the malador of yellow Asiatics who have attempted to destroy every decent thing in the world.

ATTENTION! ALL HOME CANNERS!

Before you begin your 1944 canning, Good Housekeeping Magazines advises you: use the boiling-water bath method for tomatoes and fruits, only. Can all vegetables except tomatoes by the correct use of a pressure cooker to be sure of killing botulinus germs. In the last few years, cases of botulinus food poisoning have cropped up in widely different parts of the country. Buy, borrow, share a pressure cooker—but don't can low-acid vegetables any other way. If you want further information, write Good Housekeeping Magaziune, 959 Eight Avenue, New York 19, N. Y.

To The People of Milam County:

I deeply appreciate the splendid vote given me on last Saturday for District Judge. The confidence you expressed by nominating me for this office inspires me to serve you with loyalty and gratitude.

To those who voted for my Honorable opponent I have only the deepest feeling of friendship, and I ask the co-operation of all the people of the County.

JOHN WATSON.

Thanks!

To each and every one of my supporters in Saturday's primary I wish to extend my sincere thanks. Though the sting of defeat is felt deeply loyal friends are man's most cherished asset and I would be an ingrate if I did not express my appreciation.

To those who voted for my opponents I hold no ill will. That privilege is part of America and we will keep it that way.

I want to thank each of my opponents publicly for conducting a clean race and to wish for Mr. Allen, the winner, a successful administration of the office of District Clerk.

Sincerely your friend,
W. B. SKELTON.

To The People of Milam County:

I wish to express my gratitude to the people for their vote on last Saturday which nominated me for the office of Sheriff of Milam County.

Your confidence expressed in the big majority I received is an honor of which any man should be justly proud, and I want the people to know of my sincere gratitude and my determination to serve them well in this office.

CARL C. BLACK.

To The People of Commissioner Prec't. 2:

In my race for Commissioner of Precinct 2, on last Saturday I lacked only a few votes of making the run-off Primary, but I want the people to know that I am deeply grateful for the splendid vote which you gave me. Such support has lessened my disappointment and the loyalty of my friends and those who supported me indicate my failure was not a defeat.

To those who voted for my opponents I have only the kindest feelings. I am ready as always to cooperate for the betterment of the community and the Country which I spent many months to defend overseas in World War 1. I want each one of this Precinct to know of my gratitude.

LOUIS J. RASKA.

To The People of Milam County:

The splendid vote which you gave me on last Saturday nominated me District Clerk in the first Primary. I have a heart filled with gratitude, and I take this means of expressing to you my determination to prove worthy of the confidence you expressed in me.

I sincerely hope all the people will co-operate with me so that I may serve well in this office.

GRADY ALLEN.

CHRISTIAN SCIENCE SERVICES

"Love" is the subect of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 30.

The Golden Text is: "Let him that glorieth in this, that he understandeth and knoweth me, that I am the Lord which exercise loving kindness, Judgment, and righteousness, in the earth: for in these things I delight, saith the Lord" (Jeremiah 9:24.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For I am persuaded, that neither death, nor life, nor angels, nor principalities, nor power, nor things present, nor things to come, nor height, nor depth, nor any other creature, shall be able to separate us from the love of God, which is in Christ Jesus our Lord" (Romans 8:38, 39.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Let us rid ourselves of the belief that man is separated from God, and obey only the divine Principle, Life and Love."

Cpl. George Goodman of Camp Bowie is visiting his mother in Cameron.

REDS ROUT GERMANS IN VISTULA RIVER FRONT

Conquering Red armies smashed their way Tuesday to within thirteen miles of the Wisla (Vistula) River, last big water barrier short of the German border, surrounded the city of Lwow and broke into its out-skirts, cut the last Nazi railway escape route from the big Latvian city of Daugavpils and drove to within fifty miles of Warsaw.

Racing toward the Wisla on a front fifty miles wide between Lublin and Lukow, Marshal Konstantin K. Rokossovsky's cavalry and tanks appeared ready to cross the big stream and thus outflank Warsaw on the south before the staggering Germans had the slightest opportunity to reorgnize their crushed armies on the Polish plains for any sort of stand.

Red bombers pointed the way by heavily bombing the Wisla River city of Deblin, guardian of the crossing.

One hundred and ten miles southeast of Lublin, the Russians announced they had surrounded the important city of Lwow, Poland's third largest, and were fighting the stubborn Germans in the suburbs. There a German General named Gaupe, commander of the Thirteenth Army Corps, was wounded, and surrendered with his staff.

On the northwestern sections of the 800-mile-long front the Russians reported they had cut the Daugavpils-Riga Railway eleven miles northwest of Daugavpils, thus in effect surrounding the city.

The scene for these activities is Wilson-Ledbetter Park, with the Girl Scout Hut, the American Legion House and the Municipal Swimming Pool as centers of interest.

Each afternoon a two hour period of handcraft was directed by Misses Mary and Lois Randolph and Mrs. R. H. Johnson. During these workhours, each girl built and varnished a radio table, and started a crocheted hand bag. The latter is to be finished during summer scout meetings.

Twice each day the girls enjoyed swimming. The morning dip was directed by Miss Shrader, who recently completed a Red Cross Swimming Course. Miss Shrader also directed tumbling, cartwheels and games of various kinds.

GERMANS THREATEN TO DESTROY ALL EUROPE

London—One of the gravest broadcasts ever to come from Nazi Germany declared Thursday night that "terror grips the hearts of many of our people' and that "Germany's fight for life and death is on."

The broadcast, as heard by the London Eevening News, warned:

"Before the peril can reach the heart of our beloved country, we will turn this continent into a maelstrom of destruction where only one cry is heard—the cry for blood."

The utterances from the enemy's military radio said further:

"All now is at stake. The Russian flood is surging against our eastern frontier and threatens to spill over our holy German land.

"No wonder terror grips the heart of many of our people. We soldiers know this terror for we have experienced it a thousand nights. But we are determined to keep it from our loved ones at home.

"This holy war must now become a really total war. Everyone capable of drawing breath for forging or using a weapon must now be in it. We must have the very last man."

Then came the threat to destroy Europe, and the broadcast concluded:

"We will stand and hold fast till our hour strikes. Let our enemies not think that, now that they stand before our frontiers, the task will be easier for them."

If this farmer actually is forced to tell his cows next year, "Sorry, girls, no clover," the response will be a drastic reduction in milk production. Legumes and grasses are important to livestock production at any time. They are more vital in wartime because of the increased need for milk and meat products. By providing essential protein, abundant pastures and legume hay make the nation's supply of critical grain go farther and do better work. Increases in seed production are essential this year if new seedings in 1945 are to be sufficient for hay and pasture production and for sod acreage in regular crop rotations. To help increase production of seed, support prices will be maintained for most principal legume and grass seeds, and payments will be made by the Agricultural Adjustment Agency for harvesting seed.

REDS SMASH THROUGH HEAD TOWARD BERLIN

Taking giant strides through the very heart of Poland in a tremendous offensive that already had killed or captured over a half-million Germans, Russian forces pounded forward within 50 miles of Warsaw after crushing a Nazi garrison in the big rail center of Lublin and crossing the river San at several points along a wide front less than 150 miles from the border of German Silesia.

In a special broadcast Monday night Moscow declared that in the first month of the great offensive, from June 23 through July 23, the Nazis had lost 381,410 men killed, 158,480 captured and an untold number wounded on the fronts of the four main Russian armies. Left behind in the enemy's almost panicky retreat were vast qantities of equipment.

In yesterday's advance alone the Red armies engulfed more than 1,200 populated places as they smashed toward Berlin through increasingly weak German resistance. Moscow believed Hitler's forces were nearing a debacle.

Marshal Stalin personally announced the capture of Lublin, only 25 miles from the Wisla (Vistula) river, last natural defense line for the Germans short of Berlin.

The Germans acknowledged evacuation of Siedlce, 50 miles east of Warsaw and 365 airline miles from Berlin. Brest Litovsk, fortress city, had been hopelessly by-passed, and Red army troops were reported fighting through Lwow streets.

Hitler Blames German Officers For Attempt On His Life Thursday

Adolf Hitler, speaking only a few hours after an attempt had been made to assassinate him, declared in a broadcast to the world Thursday night that German officers were responsible for the plot on his life.

"You shall know the details about a crime which is with out example in German history," the German dictator said in an address which earlier accounts reported would be made from his field headquarters.

"A small clique of ambitious and stupid and criminal officers made a plot to eliminate me and by my death practically to eliminate the staff of the the German wermacht. The bomb, which was planted by the Colonel, Graf von Stauffenberg, exploded two meters from my right side."

In its account, the Office of War Information quoted Hitler as saying the murder plan was not the work of the German army but only of 'a small clique of criminals elements, which are now being annihilated without mercy."

Hitler went on to say in a German-language short-wave broadcast to North America that he regarded as a sign of Providence that he had escaped with slight injuries.

AMERICANS LAUNCH BIG DRIVE IN NORMANDY

American troops sprang to the attack along a twenty-mile Normandy front Tuesday behind a scourging bombardment from 3,000 planes, including the greatest number of heavy bombers dispatched on a single mission, and the British Second Army advanced two miles in a co-ordinated offensive to the east.

A late front dispatch said the Americans had broken into enemy positions along a wide front west of St. Lo.

Furious resistance met the double-barreled Allied drive to burst through to the heart of France — a resistance that front dispatches described as the fanatical last-ditch stand of an enemy who knew he was beaten and whose morale was near the cracking point.

The Yanks attacked between St. Lo and Periers and German broadcasts admitted they had cracked through in the area of Amigny, representing an advance of about a miles in the sector just northwest of St. Lo. The British and Canadians stormed straight southward down the Caen-Falaise road, captured St. Martin de Fontenay and Verrieres and battled into the streets of Tilly-La Campagne and May on the Orne.

Allied invasion communique No. 100 said that the advances were maintained during the day in the British sector despite stubborn resistance. Heavy fighting was under way at May.

Allied headquarters cautioned that both attacks had limited objectives, but it was no secret that our commanders were prepared with powerful means to exploit the slightest breakthrough against an enemy torn by internal rebellion and desperately short of shells, guns and adequate replacements.

In further indication that one of the decisive battles of the war might be developing, the Germans were reported hurling their long-husbanded munitions reserves with reckless abandon at the advancing Allied ranks.

Milano Soldier is Back From Fighting In France; Wounded

Pvt. Z. T. Johnson, 24, of Milano, Texas, almost got home Monday, the fourth anniversary of his entry into the United States army. In between he had been fighting in France as a rifleman, was hit by fragments from an anti-personnel mine on June 14, after six days of hectic fighting from the beachhead inland, and had made a trip, all by plane from France to McCloskey General hospital in the big multi-moter hospital planes of the Air Transport command.

Johnson, who was injured in one of the attacks on St. Lo, still has some of the mine fragments in his left side, "For a souvenir," he said. "The most thrilling moment of the whole six days in France," Private Johnson said, "was the sound of our artillery whistling overhead. Those boys in the artillery are winning the war just as sure as shootin'. I love 'em.

"Our casualties were heavy. . . I doubt if the Germans are any heavier . . . but we're going forward and a lot of French women acting as snipers for the Germans, and I saw several American paratroopers hanging in the trees with their throats slit." The son of Mr. and Mrs. Thomas M. Johnson of Milano, Milam County, Thomas plans to join his father at farming once he is discharged.

Mr. and Mrs. Victor Lamb of Alice are the proud parents of a 7 1 2 pound boy born July 15, 1944. Mrs. Lamb will be remembered as the former Miss Doris Fikes of Cameron.

Mr. and Mrs. S. E. Miller and daughter, Virginia Faye spent Tuesday with their daughter and sister, Mrs. John Matyastik of Clarkson.

HITLER IS REPORTED ARRESTED IN BERLIN

Adolph Hitler, mad man who plunged the world into war and whose criminal leadership has resulted in the death of millions of men and women on every continent in the world, was reported at noon to have been placed under arrest in Berlin while revolt was spreading in Germany.

One report said that an escape plane was being held in readiness for the Fuehrer.

A possible explanation may have been made when it was suggested that while Hitler may not have been seized by revolters, he may have been placed in protective custody. If so the revolt has become serious in the Reich.

A Basil, Switzerland report said that German sailors at the Kiel Canal naval base were in revolt. In world war 1 the German collapse was preceded by a revolt in the German navy after the great battle of Jutland. Ships ordered to sea again to challenge the British navy were kept in port when the navy revolted.

Reports that Hitler had been placed under arrest were persistent and were coming from Turkey.

In London the reports were treated with the traditional saline solution. It was on such developments in 1918 that Germany escaped punishment for the crimes she commited. Many observers believe that the same pattern as 1918 will be followed. Since the surrender of Italy the world now knows that it was a negotiated capitulation and now no one seems to remember the crimes commited by the Italians. Even Mussolini has been forgotten, yet he still lives and heads a provisional government for Italy.

News of the strife in Germany came on the heels of greatly stepped up air attacks. Some 3000 American planes were over Germany Saturday blasting away at the frightened people of the Reich.

Japan was staggering back under blows as Tokyo completed the formation of a new government with Tojo in the dog house.

A secret German radio was broadcasting an appeal to the German people to seize the government. It sad that a battalion of German troops had sought to seize the government buildings in Berlin after Hitler had been reported killed by a bomb. Dr. Goebbles, said the report, convinced the soldiers that Hitler was still alive.

A Sweedish report said two divisions of German troops had recolted in East Prussia.

Fighting was bitter in Italy and Normandy. General Eisenhower's headquarters had nothing to report.

Mrs. Lottie Bigbee, Mrs. Mattie Sheppherd and Mr. and Mrs. W. D. Bigbee left Sunday for Palestine where they will attend the marriage of Mrs. Bigbee's grand daughter Monday, July 24th. She is the daughter of Mr. and Mrs. Edwin A. Bigbee.

LOST TO JAPAN 1941 TINY ISLE OCCUPIED

United States Marines have landed on Guam, tiny Island not far from Saipan.

The occupation began sometime Thursday and was preceded by strong assaults from American naval and air units.

The Marines had established a beach head and the fighting was going in our favor. Less opposition was encountered than on Saipan which was the severest fighting yet occuring in the Pacific war.

Guam which Congress refused to fortify was taken by Japan within a few days after the attack on Pearl Harbor.

Violent fighting was in progress. There was no announcement beyond the statement that Marines had been landed on Guam and that the island was raked by gunfire from powerful units and bombed from the air. Guam is United States territory.

The attack on Guam came on the heels of a cabinet shake up in Japan with Tojo the dog, being kicked out of his post as military dictator.

There was no indication how extensive may be the revolt in Germany. The attack on Adolph Hitler who escaped death along with a number of his generals, was taken to indicate that the Army Staff plans to get shed of the maniac from Bergstakagen. Hitler has ordered the execution of the Colonel responsible for the bomb attack on his life. Himmler, Gstapo Chief, has been ordered to purge the army of all malcontents.

ROOSEVELT GETS FOURTH TERM NOMINATION

Chicago, Ill.—President Roosevelt was renominated for a fourth term on the first ballot in the National Democratic Convention Thursday.

Chicago Ill.—Texas' regular delegation to the National Democratic Convention walked out of the Chicago Stadium Thursday afternoon when the convention voted to uphold a ruling of the credentials committee which would have seated both the Texas regulars and the rump pro-Roosevelt delegation.

The convention on a voice vote accepted the credentials committee report and former Senator Clint Small led the Texas regulars in a walkout.

In My Wartime Budget..

"My TP&L Electric Service is ONE essential that has stayed down in price. It's a *bright spot* in my wartime budget. When I consider the dependable way Electricity serves so many of our home needs . . . from porch lights to refrigeration . . . I fully appreciate TP&L's low electric service rates . . . especially when I note the sharp rising cost of pretty nearly every other item on my budget."

Yes, the cost of TP&L Electric Service is *still as low as ever!* Your electric service rates remain at pre-war low levels, even though our costs of providing your service have gone up just like your own living costs.

Careful and experienced management has made it possible to keep your rates low and your service dependable.

When you buy War Bonds you are getting ready for a better tomorrow. Invest in War Bonds regularly . . . they'll help protect the America we love today . . . they'll help win the war and preserve our cherished American Way of Life.
